## Key Features of Spotify Duo

1. **Individual Premium Accounts:** Each user gets their own Premium account, meaning personalized recommendations, separate playlists, and unique listening histories. This ensures that your music experience remains uniquely yours.

3. **Offline Listening:** Both users can download their favorite tracks and playlists for offline listening, perfect for commutes or areas with poor internet connectivity.
4. **Unlimited Skips:** Enjoy the freedom to skip tracks as much as you want.
5. **Duo Mix:** One of the standout features of Spotify Duo is the Duo Mix. This is a regularly updated playlist that combines the musical tastes of both users. It's a fun way to discover new music that both of you might enjoy.
6. **Affordable Pricing:** At a price point lower than the Family plan, Spotify Duo offers a cost-effective solution for two users compared to having two separate individual Premium accounts.
